

CAPTAIN PROCTOR NEIL M.C.

CAPTAIN PROCTOR NEIL, awarded the Military Cross for courage and contempt for danger.

The citation reads:

"The award was made for the outstanding record of recovering 51 tanks across a bogged, heavily mined battlefield where the battle raged for six days without cessation and which was at all times subjected to extremely heavy artillery, machine gun and mortar fire.

"His courage and contempt for danger set a high example to his crew."

North Bay is proud of your action, Captain Proctor Neil, M.C., and we are proud to salute you for your courage and disregard for danger.
